 Scale: 1" = 100' April 14, 1999

Note:
 Westside delineation and/or zoning lines
 are not a factor considered in this survey.
 Flood Certification is not considered a
 part of this survey.
 Basis of north is existing corners and
 the recorded plat.

I hereby certify that in my opinion this map or plat is a correct representation
 of this property surveyed and has been prepared in conformity with the
 minimum standards and requirements of law. This map has been calculated for
 closure as required by law and is found to be accurate to within one foot in
 a run of 10000 feet. The field data upon which this survey is based has a
 closure precision of at least one foot in 10000 feet, and angular error of no
 more than 0.4 seconds per angle point, and was adjusted using the
 least squares method.
